

ULTRABAND™

Ideal for "Pull Type" turn up systems

Efficient use of technology

PURE & SIMPLE

- Ultra performance for your reel turn-up system
- Ultra repulpable yet virtually unaffected by the elements
- Ultra calibrated with no variation of thickness, width and length
- Ultra consistent formed from a single matrix with virtually no camber
- Ultra high tensile combined with a low profile design
- Ultra thin without compromising stiffness

Distributed exclusively by:

PAPELTEC
OVERSEAS, INC.

Patent Pending
For "Pull" Reel Change System.
